Conference Report on Immigration Bill to Be Considered at Once.

By a vote of 179 to 73, divided on non-partisan lines, the House decified late yesterday afternoon to consider imme-diately the conference report on the Burnett immigration hill. This test vote indicated that the report eventually will be adopted, but as soon as it was an-nounced the opponents of the hill, lead by Representatives Mann, Moore, and Sabath, renewed their fillbuster, which had staved off action since the convening of the House yesterday. In renewing the fillbuster, Representa-tive Mann made the point of order that

of the House yesterday.

In renewing the fillbuster, Representative Mann made the point of order that the conference report contained matter which was not properly before the conference and that they had included in the bill matter which had never before been considered by the House. Mr. Mann's point of order brought on the second parliamentary wrangle of the day and temporarily sidetracked Representative Hamill of New Jersey, who was waiting to offer a motion to postpone consideration of the bill. Speaker Clark ruled that the vote on the immediate consideration of the bill should take precedent over a motion to postpone its consideration.
